

History:

The Theater was invented by ancient Greeks. Over the centuries this art as served to entertain, instruct, denounce... But the main purpose of Theater is to tell a story and the primary goal is to produce a collectively shared emotion.

Who am I?

My name is Julie,

I am from Douai, in North of France. I started theater when I was fifteen.

Then I trained as an actor for three years in a theater school in Paris. I wish to transmit my passion, of this wonderful and complete art to FASTB students.

Theater club in French

hosted by Julie Morel

1st and 2nd grade:

Monday from 3 p.m. to 4 p.m.

3rd, 4th, 5th grade:

Tuesday from 3 p.m. to 4 p.m.

Throughout the year we will:

- Address several themes through fun exercises...
- Discover different theater techniques (mimes, shadow theatre, poetry, fables...)
- And finally set up a show

Why do Theater?

Children's theater promotes socialization and helps eliminate shyness.

Creativity, memory, oral expression, self-esteem and imagination are developed.

Sessions:

THEATRICAL EXERCISES:

We will discover the basics and tools of theater:

Theatrical language, voice, concentration, memorization, diction and articulation.

THEATRICAL GAMES:

Children take knowledge of their body, their emotions...

A costume will likely be needed for the show
